A Message to Residents from Mayor Lori Stone ...

Dear Warren Residents,

Thank you for the opportunity to serve our community as Mayor of Warren. Furthermore, it is an honor to be the first woman serving in

this role. There are many women who have served our community that have led up to this historic first. I hope to serve as a role model to demonstrate to young people in our community they too can attain the goals they want to achieve. I want to personally thank my parents who instilled in me the courage and confidence to work hard and dream big. In addition, I want to acknowledge my village that invested in me whether it was family, friends, teachers, colleagues, and community members that shaped that path that has led me to serve our community today.

My gift of service is truly a love letter to the community that raised me. Attending Fitzgerald Public School provided a solid foundation and opened the door to opportunities. Participating in parks and recreation programming allowed me to explore my interests. Learning to swim at the Warren City Pool, attending Parks and Recreation at the playground, and enjoying endless amounts of library books brought me carefree enjoyment as well as many cherished memories. I am committed to working with city departments to provide experiences like these for generations to come.

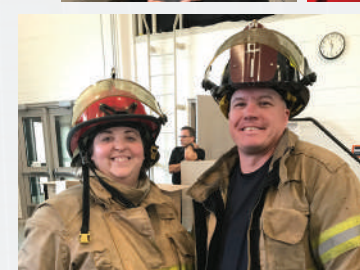

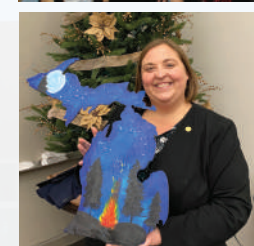

My commitment is to Work Together for Warren. The work begins with the election but does not end there. I will work with your elected advocates representing you on City Council. In addition, I will need the participation of residents in order to identify priorities so we improve upon Warren's already dependable services.

My leadership philosophy is Listen, Learn, Lead. This year will involve many conversations starting with residents, businesses, and community organizations for better planning and decision-making within city departments.

My resolution is to continue practices of accountability and transparency through communication. As a teacher, I recognize the need to engage Warren residents by keeping them informed and creating opportunities to participate. I will be tapping a variety of communication modes. I encourage residents to contact me with their ideas, questions, and concerns. Hearing directly from you is the best way to stay informed.

Lori M. Stone
