## New Rubbish Cart Tippers Are More Efficient, Save Tax Dollars

Dear Warren Residents:

The Sanitation Division has implemented a new waste, recycling, and compost program. This program utilizes side-loading vehicles that replace current rear load vehicles. At this time, recycling trucks will remain in City inventory and continue to pick-up residents recycling.

With the new program in place, the heavy work is performed by semi-automatic tippers that lift carts into City sanitation vehicles to empty contents. This program requires the City to supply residents with a 95-gallon cart, and allows the City to retrofit sanitation trucks with proper loading equipment.

**This new system will save \$1 million a year in rubbish pick-up costs by dramatically reducing the number of temporary employees the city hires.**

One of the most important benefits of this program is that rodents will not be able to "raid" garbage bags. The new containers have a capacity of 95 gallons, much larger than 20-gallon capacity of normal containers.

The city received a special grant of \$500,000 from the State of Michigan Department of Environmental Quality to help pay for this program.

### Benefits of New Waste Carts:

- A convenient and easy method to store and dispose of trash since the wheeled carts are easier, more maneuverable, and safer for residents.
- Carts will keep rodents and pets out of the trash.
- The City streets will be cleaner due to the fact that the trash bags, etc. will not be exposed curbside.
- Improved collection efficiency.
- Reduction in employee injuries from hazards such as heavy lifting, sharp objects.
- Employees experiencing less exposure to contaminated and infectious material.
- Cost savings due to the reduced number of workers' compensation claims and insurance premiums.
- Lower employee turnover rates.
- Cleaner streets.
- A significant reduction in the number of temporary Sanitation Division employees.

This is another example of our administration's policy of looking for innovative ways to provide more efficient service at lower costs.

# SERVICE TO THE COMMUNITY

## Four CERT Members Receive Presidential Volunteer Awards

Left to right: Michael Riley, CERT director; Ron Mesic, CERT coordinator; Mayor Fouts; Jo Ann Christian, CERT coordinator; and Michael Rose II, CERT deputy director

***“CERT members help in emergency situations, freeing first responders to provide essential services.”***

***- Mayor Jim Fouts***

Four Warren CERT members were honored by Mayor Jim Fouts for receiving the President’s Volunteer Service Award.

Those honored are Michael Riley, CERT director; Michael Rose II, CERT deputy director; Jo Ann Christian, CERT coordinator, and Ron Mesic, CERT coordinator. All received the CERT Lifetime Achievement Award.

Fouts said the four members of the Community Emergency Response Team (CERT) each volunteered over 7,000 hours.

“CERT members are truly the unsung heroes during emergency situations,” said Fouts.

Through proper training and preparedness, CERT is instrumental in assisting professional emergency responders in the event of natural or manmade disasters, as

well as training to be prepared for local and natural disasters.

CERT members are trained and certified in a number of different training sessions that include first-aid/CRP/AED, traffic control, down wires/electrical safety, and verbal Judo to name a few.

Fouts praised CERT for “helping in emergency situations freeing first responders to provide essential services.”

The President’s Volunteer Service Award, a premier volunteer awards program, reflects a lifelong commitment to building a stronger nation through volunteer service.

# Wipes **CLOG** Pipes!

## Flushable Wipes Clog Sewer Systems

The filter screen seen on the left is covered in “ragging” — hundreds of disposable wipes and other products that have been flushed down the toilet. This pump screen was part of the bypass system put in place during the 15 Mile Road Sewer Collapse Repair in 2017. The wipes in the system cause pumps to lose capacity as wipes clog the screens around the pump or bind up the pump’s motor. Disposable wipes — along with kitchen oils and grease — were the root cause of the Macomb County Fatberg, a 19-ton mass found in a sewer interceptor in Clinton Township.

These wipes restrict flow in sewer pipes and increase the production of sewer gasses, which degrade the interiors of pipes. Every time wipes need to be cleaned from screens or removed as a mass, public funds are diverted from standard sewer system operations, adding expenses for sewer system rate payers.

### NEVER FLUSH:

- Personal & baby wipes
- Tampons & sanitary products
- Condoms
- Facial tissues
- Paper towels
- Cleaning wipes & rags
- Dental floss
- Cat litter
- Prescription drugs
- Cotton balls and swabs
- Over-the-counter or prescription medicines
- Cigarette butts

Ironically, the very quality that makes wipes so attractive from a use standpoint — their ability to hold together when wet — is what causes problems in a sewer system. Whereas toilet paper is designed to biodegrade in water, wipes are specifically designed to hold together. Many wipes and similar products are labeled as “flushable.” While they may be flushable, they ARE NOT biodegradable. Wipes should be disposed of in a trash can.

*A message from Macomb County  
Public Works Commissioner Candice S. Miller*

### Reminders for New Garbage/Recycle/Compost Carts

- Please make sure all garbage is placed in bags before putting them in garbage carts.
- Please wait to place recycle cart to curb until it is full.
- Compost Carts will be delivered to homes in Spring 2019.
- You **can** add your address to the new carts.
- Reminder, blue lids are garbage, green lids are recycling and brown lids are compost.
- Your regular garbage pick-up day remains the same.

**PRE-SCHOOL PROGRAM (AGES 4 AND UNDER)**

**Parent-Infant:** With the parent's assistance, infants will learn water adjustment and basic water skills. Skills will be introduced through games, songs, and activities. Swim diaper and plastic pants required. For ages 2 and under.

**Parent-Tot:** With the parent's assistance, toddlers will focus on water exploration, floating, basic locomotion, stroke readiness and stroke development. Skills will be introduced through games, songs, and activities. Swim diaper and plastic pants required for those under 3. For ages 2 to 4.

**Preschool 1:** For children who are in class for the first time without a parent. Focuses on enjoyment and on water adjustment (students do not go underwater). Students are supported by a teacher for all skills. For ages 3-4.

**Preschool 2:** For children who are not afraid of the water. This class will build upon basic swimming skills so children can gain more confidence in the water. Students begin to go underwater and float, glide, kick, and swim with little to no assistance in this class. For ages 3-4.

**Preschool 3:** Students will float, glide, kick and swim with no assistance. Students will perform skills for longer durations/greater distances. Must be able to go underwater and swim on the front and back unassisted before enrolling. For ages 3-4.

**LEVEL PROGRAMS (AGES 5 AND UP)**

**Level 1:** Students will learn to go underwater and learn basic skills. For ages, 5-10.

**Level 2:** For those who are ready to learn the foundations of front and back swimming. Students must be able to float with little or no assistance before enrolling. Previous swim lesson experience highly recommended. Ages 5-10.

**Level 3:** Students will learn correct technique for front crawl/elementary backstroke and will be introduced to dolphin kick, scissors kick and treading water. Must pass Level 2 or be able to swim 10 yards unassisted on the front and back before enrolling. Ages 5-12.

**Level 4:** Students will increase endurance for front crawl/elementary backstroke. Participants will learn the backcrawl, sidestroke, breaststroke and butterfly. Class is held in deep water; must pass Level 3 before enrolling. Ages 6-14.

**Level 5:** Students will work on coordination and refinement of strokes to increase endurance and efficiency while swimming. Flip turns will be introduced. Students must know all six strokes before enrolling. Ages 7-14.

**Level 6:** Students will continue with refinement of strokes in order to swim with more ease, efficiency, power and smoothness over greater distances. Fitness elements will be taught to students. Must be proficient in all six strokes before enrolling. Ages 8-14.

**TEEN PROGRAM (AGES 10-15)**

**Beginner Teen:** This class is for students that have minimal swimming experience. Students will learn how to float, glide, kick and swim on the front and back. This class is for students who cannot do skills independently. Ages 10-15.

**Intermediate Teen:** This class is for students who can already float, glide, kick and swim on the front and back. Students will be taught proper form and technique for swimming front and backcrawl. Rhythmic breathing, elementary backstroke, and breaststroke will be introduced. Ages 10-15.

**Advanced Teen:** This class is for students that can proficiently swim the front and back crawl, elementary backstroke and breaststroke. Sidestroke and butterfly will be introduced. Students will begin to learn advanced techniques such as turns, and will begin distance/endurance swimming. Ages 10-15.

**ADULT PROGRAM (AGES 16 AND UP)**

**Beginner Adult:** For those that have never swam before, and have a fear of the water. Class focuses on becoming comfortable in and around the water. Skills will include going underwater, floating, gliding, kicking and swimming with the assistance of a floatation device and/or instructor if necessary.

**Intermediate Adult:** For those that have completed the Beginner class or are comfortable in the water. Students should be able to swim independently before enrolling. Class focuses on various strokes such as the front crawl, back crawl, breaststroke, elementary backstroke, sidestroke and butterfly. Correct form/technique will be taught.

**Advanced Adults:** For those that are strong swimmers and want to get a swim team type workout. This class will include proper stretches, warm-ups, workouts and cooldowns.

## CITY SNOW ALERT POLICY

- The Mayor declares a snow alert.
- The snow alert is announced on radio and TV broadcasts, including TV Warren, the city's cable station.
- Within six hours after the Mayor's snow alert announcement, all motor vehicles and trailers **MUST** be removed from any city street.
- Vehicles which have a license plate or properly placed placard designating the vehicle for disabled parking are **EX-EMPT** from the parking restriction.
- Those vehicles with disabled parking license plates or placards should be parked **AS CLOSE TO THE CURB AS POSSIBLE**.
- Once a street is cleared of snow or ice for the **ENTIRE LENGTH** of the street, snow alert parking is lifted.

## CITY SIDEWALK SNOW REMOVAL POLICY

Warren City ordinances require that all property owners remove snow from their sidewalks 12 hours after the snow stops. This applies to all property owners, residential, commercial and industrial.

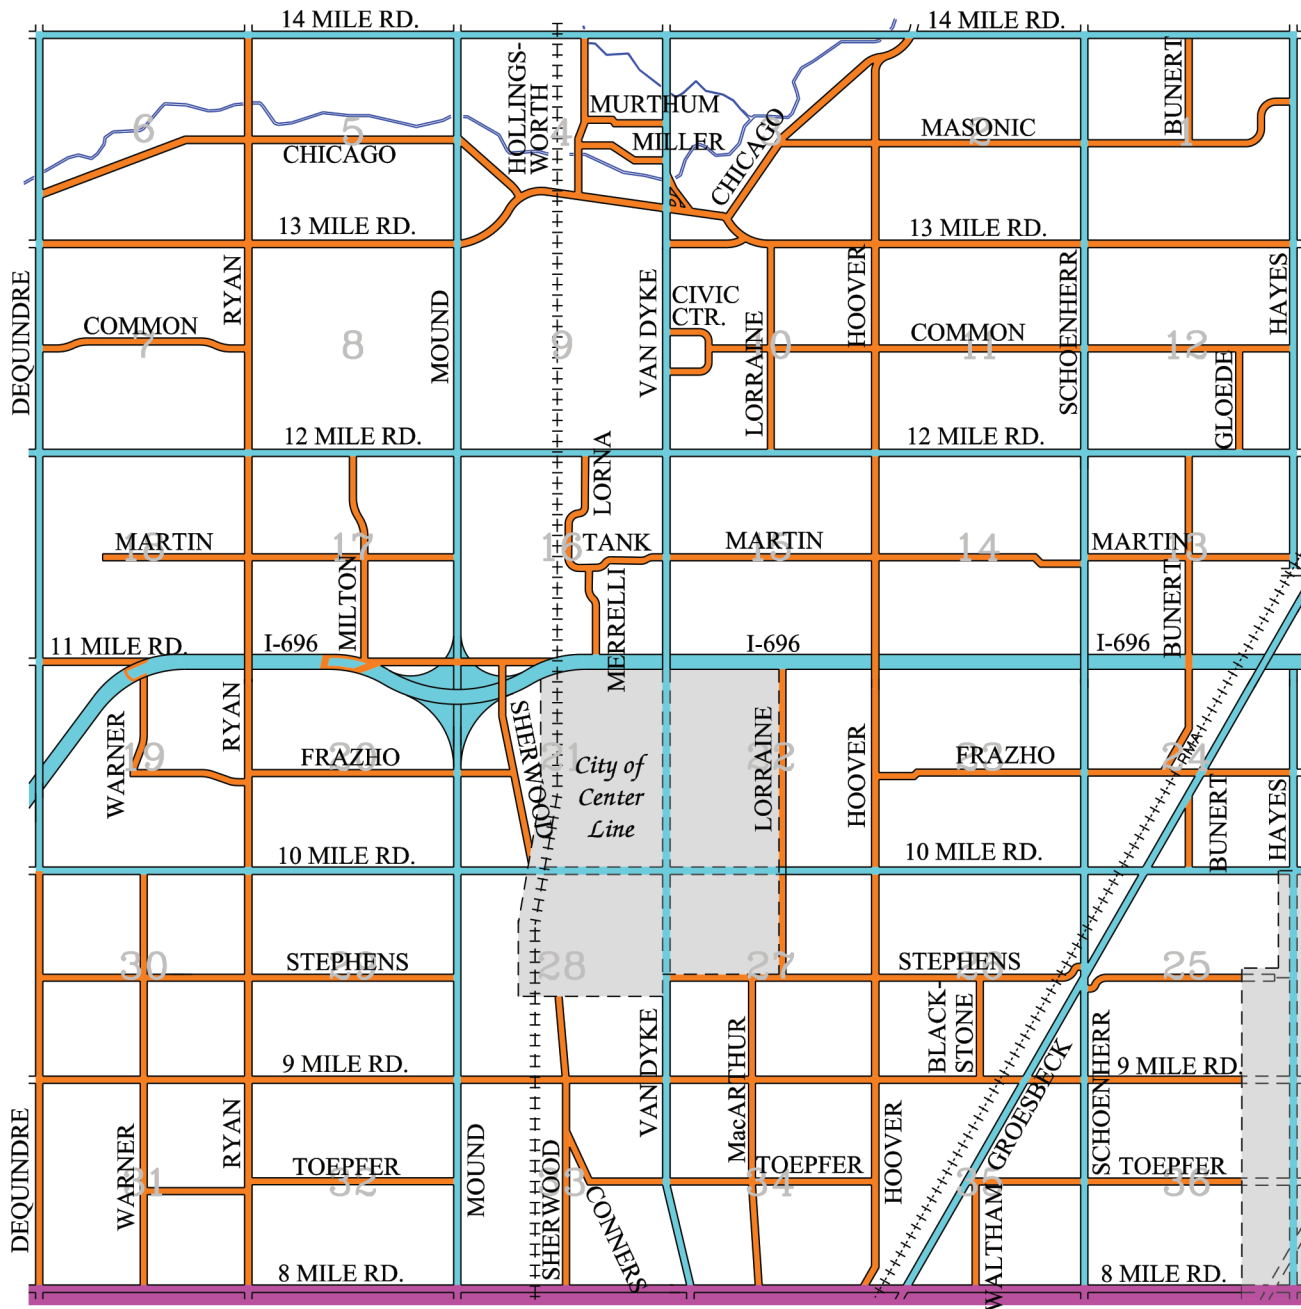

Citations may be issued to violators with fines up to \$1,000.

Warren Code of Ordinances, Section 34-60: "The occupant of any premises, or owner of any unoccupied premises, is required to keep the sidewalks in front of or adjacent to such premises cleared, so far as is practicable and reasonable, from snow and ice to facilitate pedestrian use.

"Where there is no sidewalk, the occupant or owner shall clear a path free from snow and ice where sidewalk would otherwise be to facilitate pedestrian use. Whenever any snow or ice has fallen or accumulated, it shall be cleared within 12 hours after it has fallen or accumulated."

## New Meijer Opens in Warren

*At 10 Mile and Schoenherr*

Meijer opened a new 155,000 square-foot supercenter in June, at the corner of East 10 Mile Road and Schoenherr. The store was built on the former Henry Ford Macomb Hospital site.

Meijer offers a wide variety of farm-fresh produce and a full-service meat department that features fresh seafood, certified angus beef, and custom cuts of meat delivered seven days a week.

The new megastore offers apparel for men, women and children, beauty care items, toys and electronics, a pet department, garden center and a Starbucks.

The Meijer pharmacy includes a drive-thru pick up window featuring the company's free prescription program. The program helps customers save money by offering select prescriptions for free, including leading oral generic antibiotics, prenatal vitamins, and medications for those with diabetes and high cholesterol. Since its inception in 2006, the program has filled more than 45 million free prescriptions, saving Meijer customers more than \$600 million.

## Overcome Gym Intimidation at Off the Wall

*Deborah Linley, owner of Off the Wall in Warren.*

an exercise program.

Deborah Linley, personal trainer and owner of Off the Wall, 8286 Twelve Mile Rd. east of Van Dyke in Warren, is dedicated to helping people get on the path to better health without all the fitness fads and gym intimidation.

“When I decided to get involved in nutrition and fitness, I wanted to learn about how I could make myself healthier, but also help other people,” said Linley. Her clients are a mix of men, women and teens. Her oldest is 92. Linley believes the common barriers to exercise are lack of knowledge, lack of time, lack of results and fear of getting injured.

For some, the hardest part of working out isn't the actual exercise. It's going to the gym. Many people find big gyms full of bulky, complex machines intimidating, and their fear of feeling out of place prevents them from settling into

“Anyone can find a workout video online,” said Linley. “But it takes an additional level of knowledge to know when you should progress your exercise.

Personal trainers know how to design a program that is appropriate and effective based on your goals. Also if you have any physical limitations, it's a lot safer to work with a trainer.”

Linley is a certified Special Populations Specialist, which means in addition to working with weight loss clients, she designs exercise programs for people with chronic medical conditions, musculoskeletal conditions, and post injury or post-surgery rehab patients.

“As the population ages and people want to continue to live independently, it's really important to maintain those functional capabilities,” said Linley. “I have clients that exercise with me so they can live in their own home.”

Linley offers individual personal training sessions and small group training. “All the classes at Off the Wall are small,” said Linley. “So you don't have to worry about people watching and judging you. All the group sessions are different. Sometimes we use the trampoline or I bring the rings down and we do exercises on the wall. There are lots of different exercises that we do.”

**For more information on Off the Wall, go to Facebook, or call Deborah Linley at 248-219-2031.**

## NEW LED STREETLIGHTS SAVE WARREN MONEY

The City of Warren has converted 8,213 of its 11,568 old-style streetlights to LED. The project, which will save the City of Warren \$1 million in streetlight operations annually, represents the largest city streetlight conversion in DTE's history. The new lights will reduce the carbon footprint and make area streets safer to walk and drive. About 2,300 more lights will be converted by the end of 2018.

## WARREN RESIDENT WINS DESIGN CONTEST

## NOTES OF THANKS

Dear Warren EMS Firefighters:

I accidentally fell in the kitchen and cracked my head. I am a senior heart patient so blood rushed out. I pushed the life alert, and within 2 or 3 minutes EMS was walking into my back door. They knew the code, thank God! They were kind, professional and fast. They did such a great job cleaning up the kitchen floor, secured my head with a collar and cloths, and I was on my way to St. John's Hospital Macomb. What a ride!! Thank you all for saving my life. I will forever be grateful. I have five staples in my head but feel fine. You go past my house every day. This is a safe feeling for me. I will continue to vote for tax millages for both fire and police. Without your fast attention, I could have bled to death.

**- Marge Cornett**

Mayor Fouts,

I would like to thank you and your staff for acknowledging the academic success of the students within the city. I am honored to be the mother of two hard-working, successful students that you sent letters to. I think it is great that your office does this! It helps to give the kids even more encouragement to do well and continue to study hard and become successful in whatever they choose to do! Again, thank you very much for giving them the recognition for their hard work! They appreciate it, as did I.

**- Tina Ryntz-Maddox**

Mayor Fouts,

Thank you for helping me with my sidewalk problem. Engineering called me and will take care of it. Thank you for everything.

**- Gary Ganoff**

Mayor Fouts,

Had a 20-minute telephone conversation with Mayor Fouts who called me after I complained about unkept city property that he informed me belongs to the State of Michigan. He assured me he would seek action anyhow. Jim Fouts earns every dollar he is paid to be mayor. I don't toot horns, but he's a cool dude who works hard for the city.

**- Paul Perry**

Mayor Fouts,

Just wanted you to know I appreciate all you did. Tom called me the next day. We got the matter resolved to both parties' satisfaction. Keep up the good work on blight and fireworks. Once again, thank you.

**- Mike Dembicki**

Building Inspection Department:

Many thanks to you, and the rest of the team. Looking forward to more years of success in the great city of Warren.

## HELPFUL NEIGHBORS

**Barry Tarbush** - Nominated by Robert Merkiel

Last June, four suspects were seen trespassing on my brother's property. Fortunately, our neighbor, Barry Tarbush, was observing from his security camera, and he maintained surveillance of the suspects. I believe he has video of the event. Barry, at a risk to himself, chased the suspects away with a high-powered flashlight, and he called me to warn me that they might still be in the area. I can't ask for a better neighbor than Barry, Mayor Fouts, and I think he is deserving of this citation.

## *Cold Weather Pet Tips*

### Tips from the Warren Animal Welfare Commission

Here is a basic rule of thumb. If it's too cold for you, it's probably too cold for your pet, so keep your animals inside. Like people, cats and dogs can also get frostbite and hypothermia and should be kept indoors. Longer-haired and thick-coated dog breeds, such as huskies and other dogs bred for colder climates, are more tolerant of cold weather, but no pet should be left outside for long periods of time in below-freezing weather. If left outdoors, pets can freeze, become disoriented, lost, stolen or injured. If you are unable to keep your dog inside during cold weather, provide him/her with a warm shelter against wind. Make sure that they have access to non-frozen water. The floor of the shelter should be off of the ground to minimize heat loss and the bedding should be thick, dry and changed regularly to provide a warm, dry environment. In addition, don't leave pets alone in a car during cold weather, as cars in the cold can cause animals to freeze to death.

Be sure to check your dog's paws for signs of cold-weather injuries, such as cracked paw pads or bleeding. Massaging petroleum jelly into the paw pads before going outside can help protect from salt and chemicals. During a walk, a sudden limp or slowness may be due to an injury or ice accumulation between the toes.

If your dog has a short coat, consider a sweater

or dog coat. Don't shave your dog down to the skin in winter. A longer coat will provide more warmth. If your dog is long-haired, just have the fur trimmed to help minimize the clinging of ice balls. Some pet owners also use booties. After walking your dog, wipe your pet's feet, legs and belly to remove any chemicals and paying special attention to the feet and in-between the toes.

Remove any snowballs from between the foot pads. Also, consider using pet-safe deicers (rock salt) on your property to protect your pets and the others in your neighborhood.

Before starting your car in the winter, remember that a warm vehicle engine can be an appealing heat source for outdoor and feral cats. Check underneath your car, bang on the hood or honk the horn before starting the engine to encourage cats to leave the car. Check online resources for how to build an outdoor community cat shelter. If you see a pet left outside in cold weather for an extended period, contact local animal control immediately at 586-574-4700.

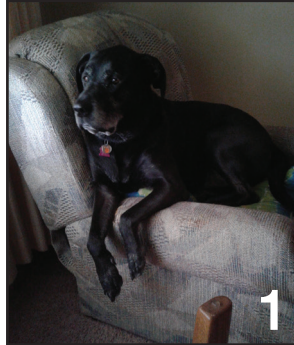

Lastly, make sure your pet has a well-fitting collar with up-to-date identification and contact information. A microchip is a more permanent means of identification, but it's critical that you keep the registration up to date.
