Dear Friends and Neighbors,

Summer will be a time to look forward to various festivals and outdoor enjoyment, as is the usual case. Again, we are also unable to mail you

a Newsbeat magazine because the Warren City Council has taken away funding for this magazine to be mailed to you. Instead, they spent roughly \$500,000 on lawsuits against the city and other questionable expenditures that cost much more money than the Newsbeat. The Newsbeat magazine would have cost the city \$15-30,000 per year instead the council has chosen to spend 15-20 TIMES that amount on costly and time consuming lawsuits against the City Clerk, myself, and ultimately the city!

This allegedly is because they view the Newsbeat magazine as being a propaganda publication. The Mayor gets one page in the magazine, and the magazine is typically over 20 pages full of upcoming City Events, Parks & Recreation Events, Library Events, information regarding blight sweeps, grants, etc. It also has phone numbers for city departments dealing with specific issues. Since the discontinuation of the Newsbeat there has been a drop in enrollment for Library and Parks and Recreation Events.

Also included are community and human-interest stories as well as opening of new businesses. Thus, the Newsbeat magazine was necessary for most people to read who had an interest in enrolling in a class of interest and attending a special event with their family and especially their children.

All of this has ended due to the current council. I hope that this election year the voters will choose members of the council who will support the funding of the Newsbeat instead of costly lawsuits that benefit no one except the private law firm that the council has hired in place of the City Attorney appointed by the mayor.

I also thank you for your strong support of my administration and myself in trying to serve you as best I can. I feel that with a new mayor and new council we can still have a walkable Towne Center that will generate 2 ½ million dollars of revenue a year. It will generate \$250,000,000 in new investments in the city from 8 mile to 14 mile. It will generate 1,000 construction jobs and hundreds of commercial jobs. It will be a walkable downtown with an eight-story signature hotel. Upscale grocer, upscale men's and women's shops. Along with various entertainment and restaurants. The eight story Marriott Hotel will have a skyline nightclub in which you will be able to see Detroit. This will also bring back \$7-10 million dollars of lost revenue from other cities with Downtowns that Warren residents patronize. It will also have upscale lofts for the millennials and empty nesters. All at NO COST to the residential taxpayers. Note: This has yet to have a vote by city council since I proposed it TWO years ago.

Lastly, we need vast improvements in our parks but the city council has refused to vote upon the park improvements as well. We have proposed millions of dollars of ARPA funding but they have also refused to vote on that for the last several years. We are likely to lose the ARPA money.

I hope you agree with me that it's time for a change with a new mayor and a new city council!

Thank you for your great support over the years. This job has been my life and my wife. I will no longer be serving you, but I will still be supporting good, clean government and good representation so that Warren can continue to move forward. God Bless you and your families!

Sincerely,

James R. Fouts
