LISTENING TOUR

Listening Tours Give Residents a Voice in Warren

The first series of Listening Tours was a huge success - thanks to the joint efforts of Warren Mayor Lori M. Stone, city department heads, the Warren City Council and Warren residents! Each session gave residents an opportunity to connect with city officials, and voice their opinions and concerns about city services. The sessions focused on Economic Development, Public Safety, Parks and Recreation, Environmental Sustainability, and Roads and Infrastructure.

"Listening, is one of the most important jobs we can do as elected officials to improve the lives of the people we serve," said Warren City Council President Angela Rogensues. "City council is thrilled to partner with Mayor Stone to learn how we can better serve the community."

"We want residents to know we are here to listen to the concerns of the people who live and work in our great city," said Mayor Stone. "We want to stay connected with residents. We will use this feedback to improve the quality of life and services in Warren."
